NATURAL TRAVERTINE CONE PENDANT LIGHT

Cavelle

Natural stone, softly lit from within.
Two cone silhouettes in real travertine.

Two sizes Short Cone · Tall Cone · Antique Gold Tone

THE OBJECT

Cavelle brings the quiet beauty of natural travertine into focus. Its sculptural cone shade reveals delicate pores and soft mineral variations, while antique gold-tone metal detailing and a twisted suspension cord add warmth and character. Hang it alone beside a bed, or in a row over an island or dining counter, for a gentle pool of downward light.
