TRAVERTINE & WALNUT PENDANT LIGHT

Arvello

Natural stone and warm walnut, softly lit from below.

Two finishes Natural Travertine · Black Travertine · Dark Walnut Disc

THE OBJECT

Arvello brings natural stone and warm wood into a striking, balanced silhouette. A tactile travertine cylinder rises through a broad, dark walnut-tone solid wood disc, while a softly recessed light beneath draws the eye to the material contrast. Hang it alone beside a bed, in an entry or dining corner, or in a row over a kitchen island for a gentle downward glow.
