

MATTE BLACK ALUMINUM · IP65

IP65 OUTDOOR LED WALL SCONCE

Orvexa

A porthole of light for your walls.
Sealed against the weather, softly glowing.

Three light colors 3000K · 4000K · 6000K · Matte Black

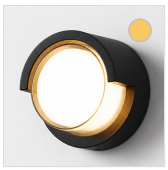

THE OBJECT

Orvexa is a contemporary outdoor sconce inspired by the clean geometry of an architectural porthole. Its sculptural black silhouette frames a luminous circular diffuser, with a subtle warm metallic accent, for façades, covered entrances and outdoor living spaces.

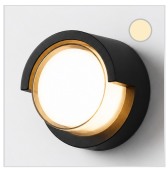

LIGHT SOURCE 15 W LED Integrated · CRI > 80 · 3 colors	MATERIAL Aluminum Thick alloy · matte black finish

ILLUSTRATION · NOT TO SCALE

FIXTURE DIAMETER	Ø 6.7 in
PROJECTION	3.9 in
WEATHER RATING	IP65

What it's made of

Matte black aluminum
THICKENED ALLOY HOUSING
Weather-resistant housing.

Sealed acrylic
PREMIUM DIFFUSER
Soft, panoramic glow.

Integrated LED
15 W · CRI > 80
No separate bulb required.

Where it works

Entry doors. Mount a pair, one on each side, with the center 59–67 in (150–170 cm) up.

Long walls. In a row, space fixtures 31–47 in (80–120 cm) apart.

Patios & garages. Keep the center about 59–67 in (150–170 cm) up for even light.

Installation

Hardwired. Electrician recommended, per local electrical codes.

Power off. Switch off at the breaker before installing or servicing.

Wall switch. Standard on/off operation; not dimmable.

Care

LED built in. No separate bulb required.

Cleaning. Wipe gently with a soft, damp cloth.

Avoid. Abrasive products and harsh solvents.

Answers before you ask

Is it weatherproof?

IP65 rated: protected against dust and water jets.

Is it dimmable?

No. It runs on a standard wall switch.

Will it work in the US?

Yes, it accepts AC 110–220V, including US 110–120V.

Can I choose the light color?

Yes: 3000K, 4000K or 6000K, selected when ordering.

Do I need a bulb?

No. The 15 W LED module is integrated.

How is it installed?

Hardwired to the wall; a qualified electrician is recommended.
