

RIBBED OPTICAL ACRYLIC · ALUMINUM MOUNT

RIBBED OPTICAL ACRYLIC WALL SCONCE

Oryven

Light, sculpted through texture.
A compact, architectural wall sconce.

Two finishes Black & Gold

THE OBJECT

Oryven pairs a substantial, finely ribbed optical acrylic diffuser with a discreet aluminum mount. The texture refracts light with a gentle rhythm, and the sconce feels as considered switched off as it does lit, in entryways, hallways, beside a bed or around a mirror.

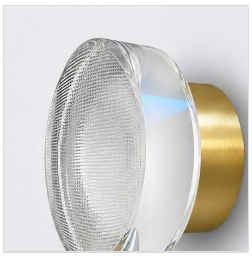

LIGHT SOURCE	MATERIAL
Integrated LED	Optical acrylic
Included · no bulb needed	Ribbed diffuser · aluminum mount
VOLTAGE	**COVERAGE**
110–220V	54–108 sq ft

Choose your finish

Black
CRISP CONTRAST

Black aluminum mounting body.

Gold
WARMER ACCENT

Gold metallic mounting body.

Ribbed diffuser
OPTICAL ACRYLIC

Same in both finishes.

Where it works

Hallway or living room. Center at about 59–67 in above the floor.

In a row. Allow about 31–47 in between sconces for a steady rhythm.

Bed or mirror. Use a pair, one on each side.

Installation

Hardwired. Installation by a qualified electrician, to local electrical codes.

Safety first. Switch the power off at the breaker before installing or servicing.

Voltage. Rated 110–220V. Confirm it suits your circuit before installing.

Care

Dust. Wipe the acrylic and aluminum gently with a soft, dry cloth.

Avoid. Abrasive cleaning products.

Moisture. Keep moisture away from the electrical components.

Answers before you ask

Is a bulb needed?

No. The LED is integrated and included, so there is no bulb to buy.

Will it work in the US?

It is rated 110–220V, which covers 120V US circuits. The frequency rating is not documented.

How much space does it light?

About 54–108 sq ft (5–10 m²), as a suggested area.

What differs between Black and Gold?

Only the metal mounting body. The ribbed diffuser is identical.

Can I use it in a bathroom?

Keep moisture away from the electrical parts. Confirm the location with your electrician.

Is it hardwired?

Yes. Have a qualified electrician install it.
